Get a glimpse of WCM-Q!

Apply for the Summer Enrichment Programs
at Weill Cornell Medicine-Qatar

Summer Enrichment Programs

The Summer Enrichment Programs are two-week programs (July 09 - July 20) designed to provide high school students with an opportunity to get a quick preview of WCM-Q. Selected students will have the opportunity to explore the medical career through engaging sessions mimicking some of our current students' learning experiences.

Requirements

- Students must possess a good foundation in biological sciences, English language proficiency, and have an interest in pursuing a career in a medical field.
- A scanned copy of the student's latest high school report.
- A scanned copy of the student's passport/ID card.
- Complete the online application before the deadline.

Program fees for accepted students: 500 USD

Submission deadline of complete application in May 15, 2023.

For more information visit our website at:
