## Speaker

### Dr. Moune Jabre

*Assistant Professor of Clinical Obstetrics and Gynecology  
Weill Cornell Medicine-Qatar*

Dr. Moune Jabre joined Weill-Cornell Medicine – Qatar (WCM-Q) in 2015 as an Assistant Professor of Clinical Obstetrics and Gynecology. At WCM-Q, Dr. Jabre holds multiple leadership roles including Assistant Dean for Academic Affairs, Director of the Learning Enrichment Office, and Associate Director of the Obstetrics and Gynecology Clerkship. Her academic interests include simulation, remediation, development of medical student cognitive and clinical reasoning skills, mentoring/coaching, and Women's Health. Clinically, Dr. Jabre provides a full range of obstetric and gynecologic services at WCM-Q's affiliated hospitals. Dr. Jabre speaks English, Arabic, and French, and possesses an exceptional ability to practice culturally humble medicine while thriving in a multitude of environments. Her clinical and research interests include evaluation and management of ectopic pregnancy, gynecologic and 1st trimester obstetric ultrasound, and emergency obstetric/gynecologic medicine.
