Global Institute for Population Health

## Health and YOU Community Wellness Series

### Beyond forgetfulness: What you should know about dementia

This session aims to provide an understanding of the complexity of dementia and that it is not only a memory deficit. Participants will also learn about the common types of dementia, early signs and symptoms, prevention strategies, and practical tips for living well with dementia from a geriatrician's perspective.

## Speaker

### Dr. Mai Mahmoud

*Assistant Dean for Faculty & Clinical Affairs  
Director of the Students' Academic Advising  
Associate Professor of Teaching in Medicine  
Weill Cornell Medicine-Qatar*

Dr. Mahmoud is the assistant dean for faculty affairs, director of the students' academic advising and associate professor of teaching in medicine. She joined WCM-Q in 2006, teaching first-, second-, and third-year courses.

Dr. Mahmoud is American board-certified in internal medicine and geriatrics, practices as a consultant at Hamad Medical Corporation, and is actively engaged in patient care and teaching medical trainees. Dr. Mahmoud received a Master's of Education in the Health Profession from Johns Hopkins University in 2017.

Dr. Mahmoud is a fellow at the American College of Physician and has served on a number of international and national (Qatar) research and organizational committees. She is also a scholar of Harvard Macy programs.
