Medical Minds Online Summer Program

The Medical Minds Program is a one-week online summer enrichment program (June 28 to July 03) designed for pre-college students interested in pursuing a career in medicine. The program combines synchronous live sessions and asynchronous learning to provide a flexible yet engaging experience. Selected students will have the opportunity to explore the medical career through online sessions mimicking some of our current students' learning experiences.

Requirements

- For students entering Grades 10, 11 and 12 next academic year.
- Students must possess a good foundation in biological sciences, English language proficiency, and have an interest in pursuing a career in a medical field.
- A scanned copy of the student's latest end of year school report.
- A scanned copy of the student's passport/ID card.
- Complete the online application before the deadline.

Program fees for accepted students: 100 USD

Submission deadline of complete application: May 17, 2025.
