

## Health and YOU

### Community Wellness Series

#### Chest Pain: The Basics

The cause of chest pain may be nothing more than indigestion, a muscle strain, or some other innocuous problem. However, chest pain can potentially point to a more serious and life-threatening cause, such as a heart attack. This session will review the potential causes of chest pain and when to contact a healthcare provider for help.

**Oct 11, 2021**

**5:00PM – 5:45PM**

 This is not a CME/CPD activity | FOR GENERAL PUBLIC
